Hi there!

I love solving problems and developing websites. Whether I'm working solo or as part of a team, I always contributing with a calm and positive attitude. I really enjoy exploring and learning new things, driven by a deep curiosity. I am committed to continually expanding my knowledge of the tech world and eagerly looking forward to what lies ahead in this exciting journey.

Experience

May 2024 - May 2024

Freelance - Web Development

Mentatt

I helped to develop a website for a startup company by creating its content and refining its appearance for a better user experience and visual appeal. Additionally, I integrated i18next to smoothly translate the website into 5 different languages, allowing it to reach a global audience.

Nov 2023 - May 2024

Internship - Frontend Developer

Linespotting

Developing a website for a client, making it easier for them to work with Google Ads. My team and I were in charge of managing the entire website development process, from client communication and meeting the client's requirements to delivering the final project. We also learned backend development for this project.

Jun 2016 - Present

Shop Assistant

IKEA, Stockholm

Working as a bed specialist and wardrobe planner. As a bed specialist, I help customers choose the right mattress based on their needs and ergonomics. As a wardrobe planner, I assist customers in finding the best wardrobe or storage solution based on their measurements and preferences. Working for a large company like IKEA has truly challenged my previous sales experiences, as the customer demand is constantly high in the store. Therefore, I have learned to handle stress better and work more efficiently.

Jun 2016 - Jun 2021

Shop Assistant

Twilfit/Twilfit By Change

I worked as a store salesperson, handling tasks such as stocking shelves, assisting customers and helping them find the perfect fit, and managing the cash register. For a period, I also worked as an assistant store manager. During that time, I was responsible for the store management, sales, managing staff, and administrative tasks such as scheduling, payroll, etc.

Education

Sep 2022 - Jun 2024

Frontend Development - mobile and web
Chas Academy, Stockholm

Aug 2013 - Jun 2016
